A Vision for E-Extension

e-Extension will be recognized and supported by a broad cross-section of the public as:

- ◆ A “brand name” quality source of unbiased, localized, research-based information
- ◆ A quality source of educational materials

e-Extension will provide a standards-based system that will ensure consistent quality

E-Extension Pilot Project

Goals for the Project

- ◆ Plan a national web-based information and education network that will provide expanded learning choices and methodologies
- ◆ Create a solid consensus among land-grant partners regarding the definition, operation, and governance of the network
- ◆ Initiate the network plan
